Section	I.	Purpose
----------------	-----------	----------------

The purpose of this grant is to promote academic and social success for students participating in the Open Choice program in the Sheff Region. The grant is intended to provide supplemental funding towards programs and supports that work to ensure Open Choice students have positive school experiences and academic and social success. Activities funded by this grant should assist schools in developing specific goals related to improving student retention, increasing high school graduation rates, and increasing academic preparedness for college and careers. The grant also allows districts to implement a variety of strategies to improve school climate and student academic achievement for all students.

Section	II.	Background
----------------	------------	-------------------

With the July 1, 2007, expiration of the first Sheff v. O’Neill Stipulation and Order (see Milo Sheff, et al. v. William A. O’Neill, et al. No. X03-89-0498119S January 22, 2003), the State of Connecticut and the plaintiffs entered into an agreement known as the Phase II Stipulation and Order (Order), which was approved by the court on June 11, 2008 (see Milo Sheff, et al. v. William A. O’Neill, et al. HHD-X07-CV89-4026240 April 4, 2008). The Order specifies performance benchmarks and goals concerning the percentage of Hartford-resident minority students enrolled in reduced racial isolation settings. On April 30, 2013, a one-year extension to the stipulated agreement was signed to continue the Phase II stipulation, as amended, through June 20, 2014, allocating a portion of the academic, student and social support grant for professional development activities during the school year to those districts accepting Open Choice students. The parties then entered into a stipulation dated December 13, 2013, (the “Phase III Stipulation”) which set forth a one-year plan for reasonable progress in reducing racial, ethnic and economic isolation for Hartford-resident minority students through June 30, 2015. The parties extended the Phase III Stipulation through June 30, 2016, (the “Phase III Extension”) and extended the Stipulation for a second time through June 30, 2017 (the “Phase III Second Extension”).

As outlined in each of the stipulations and orders, the Open Choice program is among those voluntary interdistrict programs that contribute to compliance with the terms of the applicable stipulation. This statewide program is intended to reduce racial, ethnic and economic isolation, improve student achievement, and provide parents with a choice of educational programming. A focus of the Connecticut State Department of Education (CSDE) is to raise awareness of Open Choice in the Sheff region and increase the scope and level of academic and social supports for participating students, their families and receiving districts; thereby, encouraging Hartford area families and communities to increase participation in the program. The CSDE’s long-term goal is to increase each Hartford area district’s participation in the program to at least 3 percent of its student population. To accomplish this goal, it is critical for students, families and staff involved in the program – residing in Hartford and the participating suburbs – to receive academic, student and social supports that lead to student success.

Section	III.	Eligibility
----------------	-------------	--------------------

To be eligible for a grant, each applicant must receive Open Choice students and submit a proposal outlining the strategies and programs that the district will implement to provide academic, student and social support to the students in the Open Choice program.

Eligibility Requirements for 2017-18:

Although Open Choice is a statewide program, only those school districts participating in the Open Choice program in the Sheff region, that contribute to the state meeting the goals of the Sheff Phase III Stipulation and Order and its extensions, are eligible for funding through this grant (see Connecticut General Statutes (C.G.S.) Section 10-266aa (o)).

Districts that do not submit a grant application by the due date will not be eligible for funding pursuant to this grant opportunity. Districts must increase the total number of seats available.

Therefore, districts that do not offer new additional Open Choice seats for the 2017-18 school year will not be eligible for an Academic, Student and Social Support Grant.

Districts receiving grant funding are required to have site visits on a rotating basis. Districts that do not respond to requests by CSDE to schedule a site visit, or otherwise decline to participate, may jeopardize their current year's funding and will be ineligible for funding the following year.

Section	IV.	Funding
----------------	------------	----------------

There is approximately **\$2 million** available to fund academic, student and social support activities. This funding is in addition to, not in place of, the statutorily provided Open Choice enrollment grant currently funded on a tiered basis depending on the district's level of participation in the program. Grants are awarded on an entitlement basis, upon CSDE's approval of the required grant application.

Funding is to be distributed as follows:

- **Per Pupil Award:** Districts receiving Open Choice students will receive \$575 per student in Grades PK-5 and \$900 per student in Grades 6-12 based on their October 1, 2016, Open Choice enrollment, as filed in the CSDE's Public School Information System (PSIS).
- **Targeted Professional Learning:** The \$5,000 professional development/learning funds must be used for school climate and culturally responsive education programming. **These funds should be used in concurrence with the district's approved school climate plan or similar plan approved by the district and the Hartford Region Open Choice School Plan.** The CSDE strongly encourages districts to participate in professional learning related to culturally responsive teaching that can help with the development of positive relationships with students and families and reduce attrition.

The professional learning funds should be expended only for such purposes and a program narrative and budget must be submitted detailing the use of the funds. Some programs that may be funded through this grant include but are not limited to: ADL Programming; Rachel’s Challenge Program; Comprehensive School Climate Inventory; Culturally Proficient Leadership and Instruction Module; Improving School Climate Training; Culturally Responsive Programming; Connecticut Welcoming Schools Initiative; Bully-Proof Your Classroom; and Courageous Conversations.

Actual amounts will be based on 2016-17 Open Choice student enrollments. All awards are subject to the availability of funds.

Section	V.	Allowable Costs
---------	----	-----------------

In order to ensure that students remain in and complete the Open Choice program, the CSDE encourages participating districts to implement strategies that will benefit students in need of academic and/or social support, as well as improving social climate within the schools. When determining how to use these grant funds, districts should consider the academic and social needs of the students in the Open Choice program and the types of supports that will improve and enrich their school experience. Students benefitting from programs or services funded by the grant must include, but are not limited to, students enrolled in the district through the Open Choice program. In order for the proposal to be approved, districts must propose and implement research-based strategies or those with evidence of past success. **An area of focus for this 2017-18 grant award is retention of students enrolled in an Open Choice program. In order to reduce attrition prior to graduation, the CSDE requests that districts focus a portion of the grant funds on projects designed to retain students in the Open Choice program and improve the academic work and social experiences of students participating in the program.**

Activities that may be funded through this grant include, **but are not limited to:**

- summer school or other summer programs;
- school climate activities and/or programs;
- professional learning for teachers;
- parent/family activities, including program information and academic development;
- before- and after-school enrichment programs;
- family–school liaison;
- bilingual services for English learners and/or parents;
- supplemental reading and/or mathematics programs; and
- tutorial services.

In order to secure cooperative services, districts that are unable to purchase services within current resources may enter into agreements with other districts. Examples of such services include, but are not limited to, professional development, a support specialist or a combined summer school program.

Allowable costs for this grant, in support of academic, student and social support activities such as those listed above, include the following:

- staff with benefits;
- staff stipends;
- substitute teachers (if necessary, to provide release time for professional learning);
- instructional supplies and materials, including educational software and technology;
- school climate professional development and services;
- snacks for before- and/or after-school academic and social activities;
- contracts for academic and/or social support services by an outside agency or community partner;
- parent/guardian transportation; and
- pupil transportation for activities beyond the school day, not covered by the CREC Open Choice transportation grant.

Indirect costs are not allowable for this grant.

Other costs may be approved. If you plan to expend funds on items or services other than those listed above, contact the CSDE program manager prior to submitting the grant application. Funds must be used to supplement, not supplant, the district’s educational offerings. All budgeted expenses must clearly support the proposed strategies.

Section	VI.	Grant Period
----------------	------------	---------------------

The CSDE shall award this grant for fiscal year 2017-18 with the anticipation of funding being available for the fiscal year. The CSDE anticipates that the grant period will begin July 1, 2017, and conclude June 30, 2018. The final status report is due on July 20, 2018. *Grantees must not assume automatic renewal of their grant. Funding is dependent upon available funds, sustaining and/or increasing participation in the Open Choice program, successful site reviews, submission of acceptable and complete interim and final reports, and other factors affecting the quality or delivery of services.*

Section	VII.	Submission Requirements
----------------	-------------	--------------------------------

A completed application packet must be e-mailed to Ann R. Gaulin at ann.gaulin@ct.gov by 3 p.m. on January 16, 2018. The application packet must include: district’s school climate statement and/or policy (if it has changed from 2016-17); cover page; program narrative; ED 114 budget form; budget narrative; Certification that a Current Affirmative Action Plan is on File page; and Standard Statement of Assurances. **Facsimile copies of the application will not be accepted.**

To request an extension, you can e-mail Ann Gaulin at the e-mail address noted above.

Section	VIII.	Review of Proposals and Grant Awards
----------------	--------------	---

Funds will be awarded to eligible districts subject to availability, in amounts to be determined as described in Section IV, provided the applicant’s proposal meets the criteria described in this grant application. The CSDE reserves the right to request additional information from applicants prior to making the award, including information about both program and cost effectiveness. Under this application, the CSDE will grant awards only to applicants that will assist in achieving court-ordered goals in the stipulated agreement in the case of Sheff v. O’Neill. *All awards are subject to the availability of funds.*

Section	IX.	Freedom of Information Act
----------------	------------	-----------------------------------

All of the information contained in a proposal submitted in response to this Request for Proposals is subject to the provisions of the Freedom of Information Act (FOI), C.G.S., Section 1-200 et seq. The FOI declares that except as provided by federal law or state statute, records maintained or kept on file by any public agency (as defined in the statute) are public records and every person has the right to inspect such records and receive a copy of such records.

Section	X.	Management Control of the Program and Grant Consultation Role of the CSDE Personnel
----------------	-----------	--

The grantee has complete management control of this grant. While CSDE staff may be consulted for their expertise, they will not be directly responsible for the selection of subgrantees or vendors nor will they be directly involved in the expenditure and payment of funds.
